

Working with artists: Jon the Potter is our local artist in residence. He works with us each year to produce a whole school large scale collaborative sculpture using ceramics. [Click here to see what we have made with Jon and other visiting artists....](#)

For Arts Week Jon the Potter helped us to make clay leaves to represent our beautiful horse chestnut tree

Megan Evans – printmaker, artist

- This collaborative art work was made using litter collected from around the country – our children worked alongside Megan using the process of ‘collagraph’ and operating a handpress

ART

Willow Dragon
We all had a go at making this fantastic dragon!
We worked with an artist, Kate Risdale.

We were shown how to use willow to weave into a wire frame. All of the year groups had a go!

We also made dream catchers by weaving material into willow frames.

Look at some of our fabulous work. We have sent some of an exhibition at Worcester Cathedral.

Megan Coyle weaving artist worked with us to create Blaze – our dragon

Darrell Wakeman – visiting artist and paper sculptor helped us to create our Meadows Mouse wellbeing characters

Petr Horacek (author and illustrator) worked with our children to create a fantastic mural. This is now on display at Bromsgrove library.
