

Working together  
with the  
community.

At Meadows First School, we believe that Community Cohesion is about creating a school environment in which every member of the community has a common vision and a sense of belonging where their backgrounds and circumstances are appreciated and valued.

We define 'community cohesion'; as working towards a society in which:

- There is a sense of belonging by all communities
- The diversity of people's backgrounds and circumstances are appreciated and valued.
- Similar life opportunities are available to all .
- Strong and positive relationships exist, and continue to be developed in our school and wider community
- Social mobility is encouraged and facilitated

We visit different places of worship in our local area and have visitors from Bromsgrove to talk about their religion.
