

Year 1 Newsletter

Summer 1 for Week 3 Beginning: 20.4.26

Hello Year 1 Containing: Weekly spellings and homework.

Thank you for everything you do to support your child at school. We are occasionally asked how you can support your child's maths development and this can be as simple as asking them addition and subtraction questions when travelling home so that they begin to learn their number facts, playing old fashioned board games such as snap, dominoes, shut the box, ludo, uno or snakes and ladders. In the bath, let children experiment comparing different shaped containers to see which holds most or least. These ideas are not exhaustive, please use your own imaginations as well. Have fun together discovering our mathematical world.
