

Year 2 suggested timetable Summer term week 4

The theme for this week is Around The World

	Morning session		Afternoon Session
Monday	<p>English: What's your favourite food from around the world? Do you like Pizza from Italy? Curry from India? Tacos from Mexico? Croissants from France? Whatever food you like to eat, find a recipe and write it up with lots of pictures. You could even have a go at making it with the help of an adult at home!</p> <p>Maths Add by making 10 https://www.bbc.co.uk/bitesize/tags/z7s22sg/year-2-and-p3-lessons/1</p>		<p>READING— Choose a book or comic to read from home.</p> <p>Spelling— See list on next page or newsletter. Play hangman to help. Go onto Spelling Shed.</p> <p>TOPIC/CREATIVE ACTIVITY See next page.</p>
Tuesday	<p>English: Story Plan: If you have a copy of <i>Lost and Found</i> by Oliver Jeffers practise reading it out loud or if you prefer watch this video of someone else telling the story: https://www.youtube.com/watch?v=XH58QzN8KRg What would you do if an odd animal from somewhere far away came to your front door? Can you plan your own version of the story with your own animal. Use the planning sheet to help you write the story tomorrow!</p> <p>Maths How to subtract numbers https://www.bbc.co.uk/bitesize/tags/z7s22sg/year-2-and-p3-lessons/1</p>		<p>READING— Choose an ebook from Oxford Owl.</p> <p>Spelling— See list on next page or newsletter. Write your words on some paper. Then cut each word carefully to mix up the letters. Can you stick the letters in the correct order for each word? Go onto Spelling Shed.</p> <p>TOPIC/CREATIVE ACTIVITY See next page.</p>
Wednesday	<p>English: Story Writing</p> <p>Write up your story using your plan from yesterday! Re-watch or re-read <i>Lost and Found</i> to help remind you how to structure your story.</p> <p>Maths Addition and subtraction word problems https://www.bbc.co.uk/bitesize/tags/z7s22sg/year-2-and-p3-lessons/1</p>		<p>READING— Choose an ebook through PurpleMash (Serial Mash)</p> <p>Spelling— See list on next page or newsletter. Write your each word twice on pieces of paper. Turn them all over. See if you can play pairs and find the matching pairs. <i>The more you see the words, the more you will get to know them.</i></p> <p>TOPIC/CREATIVE ACTIVITY See next page.</p>
Thursday	<p>English: You're a travel agent with a very fussy customer. He wants you to recommend five different countries to travel to and find out information about each of them. You can write up your list and facts using purplemash or on paper. Use https://www.researchify.co.uk/ to help with your research.</p> <p>Maths $a + b > c$ and $a + b > c + d$ https://www.bbc.co.uk/bitesize/tags/z7s22sg/year-2-and-p3-lessons/1</p>		<p>READING— book, comic etc or ebook through PurpleMash (Serial Mash) or Oxford Owl.</p> <p>Spelling— See list on next page or newsletter. Be sure you can write them now. Go onto Spelling Shed.</p> <p>TOPIC/CREATIVE ACTIVITY See next page.</p>
Friday	<p>English: Have a go at this week's purplemash grammar game: Compounding with Grandad! We have also set up a spelling game to practise this week's spellings on as well.</p> <p>Maths Challenge of the Week https://www.bbc.co.uk/bitesize/tags/z7s22sg/year-2-and-p3-lessons/1</p>		<p>READING— Try borrowing something from https://www.borrowbox.com/</p> <p>Spelling— Introduce the words for next week. Go onto Spelling Shed.</p> <p>TOPIC/CREATIVE ACTIVITY See next page.</p>

Year 2 suggested ideas Summer term week 4

TOPIC/CREATIVE ACTIVITES FOR THIS WEEK	
Monday	<p>Flags- Look at flags from around the world. https://www.worldometers.info/geography/flags-of-the-world/ Discuss which are your favourites and why? Recreate your favourite; this could be through drawing, collaging etc. Can you place the flag on a map? There are some quizzes Can you create your own quiz about the UK? https://www.educationquizzes.com/specialist/flags-of-the-world/</p> 
Tuesday	<p>Use an atlas or a map and locate countries that make up the UK. Can you locate a contrasting country such as India or Japan. What is different? What is the same? If you haven't got a book use Google Maps to help you. Look at the pages attached for maps of the UK and the World if you want to have a go at completing them.</p>
Wednesday	<p>Dance Around the World- Why not watch some of the following dances Diwali https://safeyoutube.net/w/HGi6 Maypole dancing https://safeyoutube.net/w/qHi6 Flamenco dancing https://safeyoutube.net/w/JHi6 Have a go at some of the moves used in these videos. Can you recreate one of the dances or maybe make a costume using items from their wardrobe? Perform the dance to a family member.</p>
Thursday	<p>Today we are going to have a Eco theme for our Around the World topic. What is 'Climate Change?' Use the username and password in the blue box to watch this clip about climate change. https://central.espresso.co.uk/espresso/primary_uk/subject/news/video/item1176742/grade1/index.html?source=search-all-all-all&source-keywords=climate%20change Read the information on the sheets. Have a go at making a poster showing different ways that we could help remind people to look after our world.</p>
Friday	<p>Today have a look in your fruit bowl. Where do you think your fruit is from? Your strawberries may be from England but your pineapple may be from Brazil and your bananas may be from Costa Rica! Try to research your fruit bowl. Then you could have a go at sketching or painting a picture of your fruit bowl.</p>

Our Earth

Our planet Earth is a unique place to live.

It has rivers, lakes, volcanoes, mountains, beaches and valleys. Nearly $\frac{3}{4}$ of our Earth is covered by water.

It is about $4\frac{1}{2}$ billion years old!

It is the only planet in the solar system with lots of oxygen and water, to support life.

It meets our five basic needs to live:

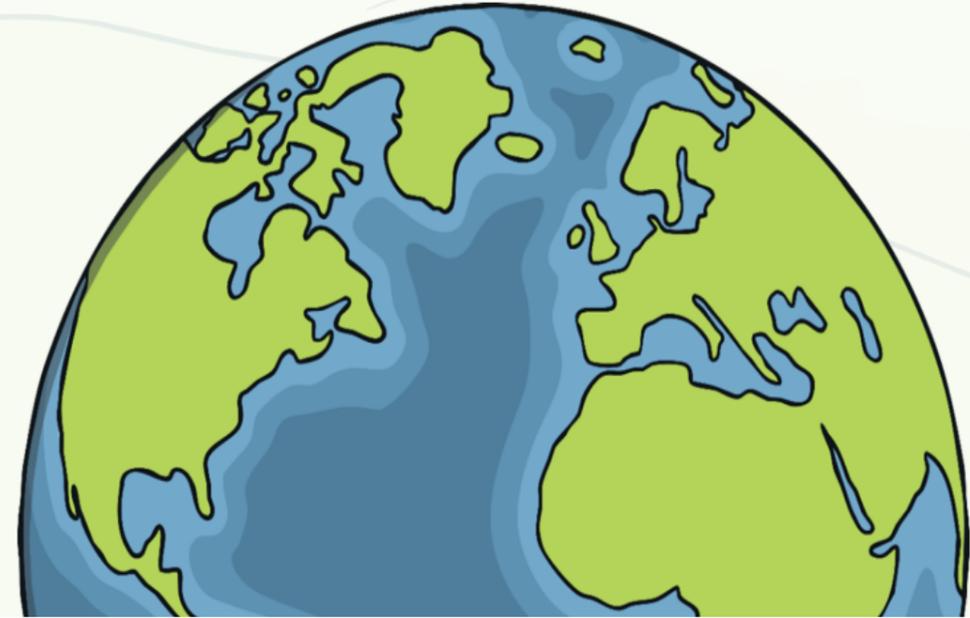

1. Oxygen
2. Food
3. Water
4. Shelter
5. Warmth.

Fun Fact

Our **environment** is everything around us. It includes plants, animals and other humans, and the air that we breathe.

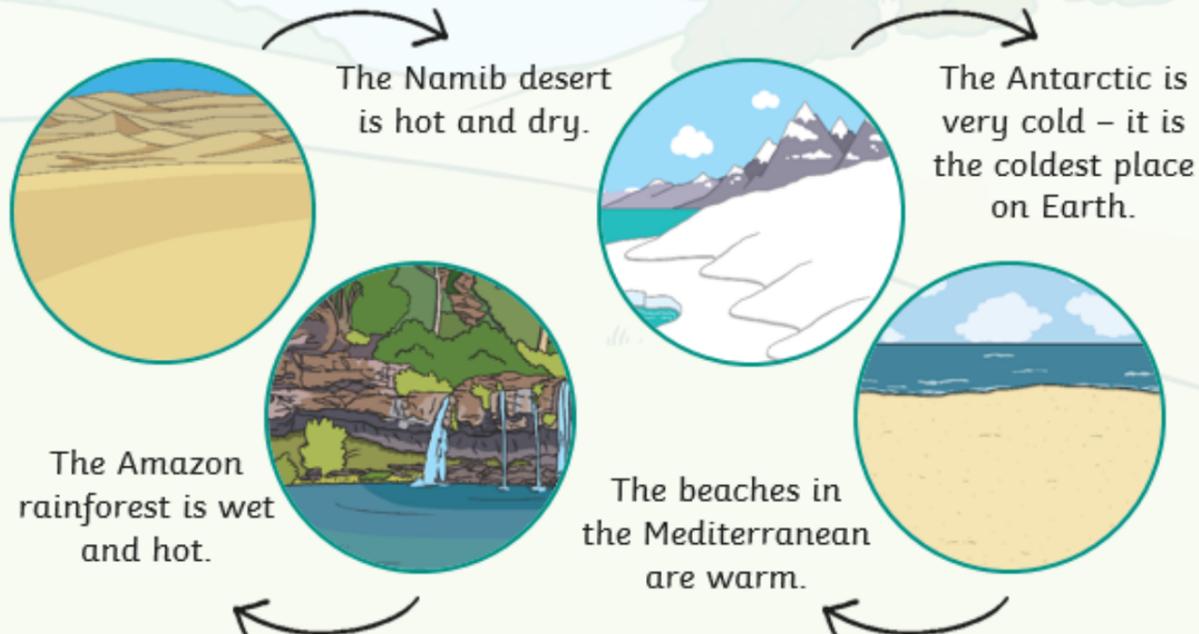

How Can a Climate Change?

Our planet's climate is changing as its human population gets bigger. There are now more than 7,500,000,000 people. How these people live their lives is making a big change to our climate.

What Is a Climate?

Our Earth has lots of different types of weather in lots of different countries. We call these weather types **climates**.

How Can a Climate Change?

Harmful gases make changes to the climate. The gases are made by cars, trucks, aeroplanes and even factories that make our toys, clothes and electronic gadgets. Burning fossil fuels to make electricity also produces these gases.

How Can a Climate Change?

Producing meat for the Earth's population to eat adds to air pollution. Forests are cut down to make fields for cows and pigs. These animals produce a harmful gas called methane which damages the atmosphere. Animal waste (such as manure) also pollutes streams, rivers and then the oceans.

How Can a Climate Change?

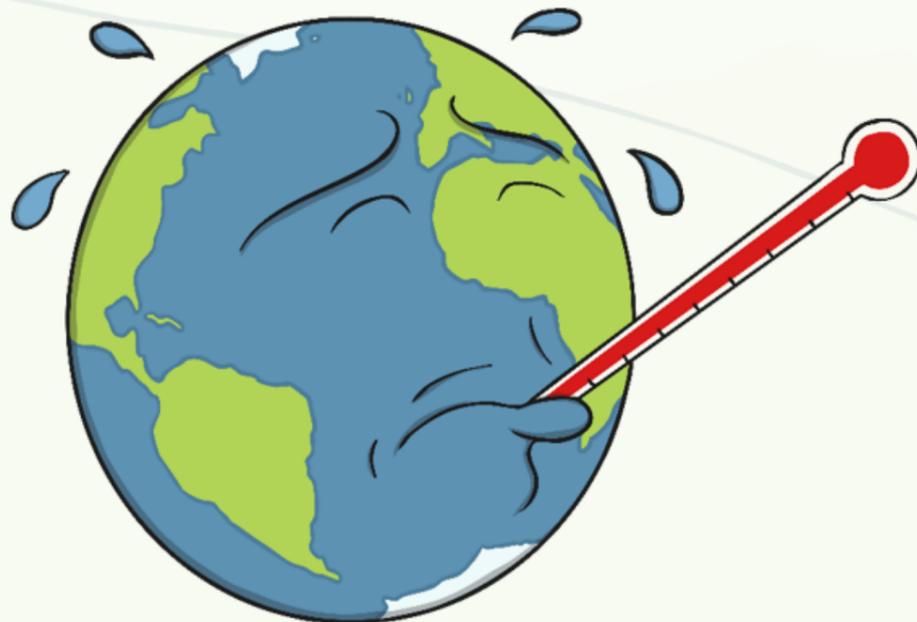

Fun Fact

The Earth is wrapped by a huge, protective blanket called the **atmosphere**. It protects us from the sun and from meteors, too!

How Can a Climate Change?

When these harmful gases go up into the air, they get trapped in the layer protecting the Earth from the Sun. When the Sun shines onto the Earth, the heat is kept in by the gases. This keeps getting hotter and hotter, heating the Earth too much. This is called **global warming**.

What Does Climate Change Mean for Us?

Global warming isn't good for our Earth. It means that ice is starting to melt in the Antarctic and this could cause floods in other parts of the world.

Rising sea levels mean that animals, such as turtles, will no longer have nesting beaches on which to lay their eggs. The temperature of the nests also affects whether the turtles will be male or female and if the temperature continues to rise, more females will be born than males, increasing the risk of turtles becoming extinct.

Fact

Developing countries will experience more droughts (low rainfall) which will affect their livelihood, if they are unable to grow the crops they need.
