

Personal, Social and Emotional Development

We will be encouraging the children to be confident to make links. Think critically, respectfully challenge the ideas of others and test their own ideas.

We will focus on taking turns and sharing the resources fairly.

We will offer parent consultations to update and add to each child's Family Share.

- Circle Times
- Philosophy for Children

Communication and Language

Small Groups
Verbal Reasoning
Sequencing routines

- Small group and carpet times will encourage language alongside free play opportunities.

Physical Development

- Cogs and Wheels

Machines!

STEM WEEK

Global Citizens:
Materials and Waste

Key Texts:
Rosie Revere
Engineer

Literacy Development

- Letters and Sounds – Phase 1, Aspect 3 (body percussion)

Pre-writing:

To aid pre-writing skills and strength the children will be introduced to tools, whisks, trowels and scoops. Alongside their malleable provision.

Mathematical Development

- The children will be exploring quantity with a variety of number puzzles and games.
- We will also explore number through the Chinese Tradition of Hang Boa (Money Envelopes)

Understanding of the World

- The children will explore plastic waste and learn how we can reduce, reuse and recycle.
- Opportunities to build and construct with a variety of materials both natural and manmade.
- Technology Robots/ Talking Tins.

Expressive Art and Design

- Banksy's Robot
- Junk Modelling (Metal)
- Chinese New Year (Role Play)
- Chinese New Year Threading and Weaving.
