

### English

Creating interesting and memorable characters will be our focus for writing this half term. We will be learning some tips from successful authors, including the master story teller Roald Dahl. Spring 2 also hosts our annual Year 3 all-singing all-dancing production. This gives us the opportunity to develop our speaking skills, by preparing a playscript ready to perform. This year's play is **Whiz Wham Alakazam!** A play about teamwork, wizards and spooky creatures!

### Computing

In computing, we will be learning how computers can be used to process and display data and information by learning how to use tables and spreadsheets.

### P.E.

We will be developing our athletics skills in team games.

# Year 3 Spring Term 2

## Science

For this half-term topic we have to get a bit mucky! We will be exploring Rocks and soils and learning about the world beneath our feet. We will learn about the 3 main types of rock and how they help create the bedrock of the UK. We love seeing children's rock and gem collections so if you have any please bring them in so we can create our own class rock museum! Then we move onto soil and learn about how it is created and why it really isn't as boring as people think it is!

## Rocks and Soils Spring Production

**P.S.H.E.** We will explore different emotions and how these are expressed. We will also focus on building positive relationships and being yourself.

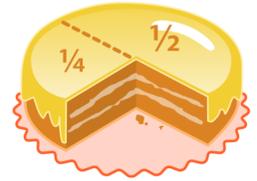

**French** This half term we will be revisiting all the French words covered so far and using these in conversation with each other.

**Music** Dolphins will take over the clarinets and begin their half-year tuition with Mrs Lyon. Sharks will explore reggae music with Charanga and develop their skills with the glockenspiels.

## Maths

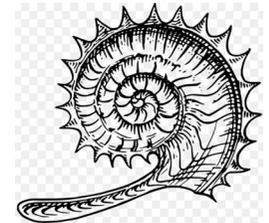

This half term we explore a range of topics. We begin with exploring measurement including finding the perimeters of shapes. After, we will move onto fractions of shape and number including calculating tenths and equivalent fractions

## Art

We will be working in our sketch books a lot this half term, developing our observational skills and line drawing.

We will focus on different techniques of shading and focus on the artwork of Karl Blossfeldt.

## R.E.

This half term we are going to find out why festivals are important to religious communities. We will look at Mothering Sunday, the Spring Hindu festival of Holi and how Easter is celebrated by Christian people.
