

Computing

Science

Our Science topic this half term is 'States Of Matter'. We will explore solids, liquids and gases, what happens to materials when they are heated, and wonderful water and the] water cycle.

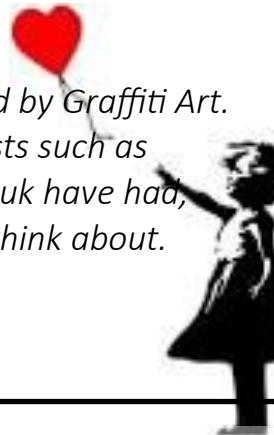

French

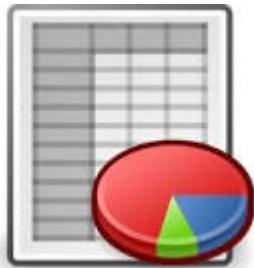

In French we will learn how to ask for and give directions.

Art

Our Art this half term will be inspired by Graffiti Art. We will look at the impact that artists such as Banksy, Keith Haring and Maya Hayuk have had, and the ideas that graffiti makes us think about.

Our computing links nicely to our recent work on decimals in maths and our PSHE unit on money. We will learn about spreadsheets and how to use them to create simple formulas.

Maths

This half term we will be mainly focusing on money and time. Children will also consolidate their understanding of decimals.

History

Our history topic this half term is called, 'The Good, The Bad and The Ugly'. It focuses on crime and punishment throughout the ages beginning with the Anglo Saxons. We will find out about the court system, policing and how rules, laws and punishments have changed over time.

PSHE

The focus for our PSHE lessons this half term is 'Money Matters'. We will find out where money comes from, ways to pay, lending and borrowing and how to decide how to spend our money.

RE

RE is all about Buddhism this half term. We will explore the main beliefs of Buddhism, as well as the special places, festivals, holy books and the symbols that Buddhists use in their

English

This half term we will be reading 'The Twits' by Roald Dahl. We will be writing our very own persuasive advert to sell Mr and Mrs Twit's house and also we will be turning one of the chapters into a playscript!
