

As we approach the end of 2020, we reflect on a year like no other. A year that brought new challenges, changing the way we live and how we connect with each other, and one in which looking after our physical and mental health has never been as important. The information, tips and links you will find within this newsletter are to support the whole family (adults and children) to improve their overall wellbeing through opportunities that are linked to the '5 Ways to Wellbeing'. The All Active Academy would like to wish schools and families across Bromsgrove a

Merry Fitmas & a Happy New Year!

Connect with other people.

Make and send a Christmas card: Christmas is a time of goodwill. It is a time when people make an effort to think of others, particularly those who might be finding this time of year difficult. Why not make a Christmas card for someone who might be on their own, who's family are far away and unable to be with them or who might be finding it a particularly sad or stressful period. What kind of words can you say that might make a difference to how they are feeling?

Take time each day to be with your family: Try to arrange a fixed time each day to eat dinner together.

Arrange a catch up call with friends and/or family: Whether this be a video-chat or phone call – set time aside one day during the holidays to stay in touch. This might be with someone who you haven't spoken to in a while, is on their own or who lives far away from you!

Not even coronavirus can keep Santa away from Bromsgrove! Bromsgrove Round Table has worked tirelessly to ensure that this popular procession can go ahead. Recognising how hard the year has been, they wanted to give the residents of Bromsgrove something to look forward to! It will be different to previous years with the key safety message being 'SPACE, WAVE & DONATE'. Can you help local charities and causes within the community of Bromsgrove by donating online via www.justgiving.com/crowdfunding/bromsgrove-roundtable
